Director's Message

"As we work to create light for others,
we naturally light our own way."

-Mary Anne Radmacher

"当我们努力为他人创造光明时，
我们自然也会照亮自己的路"。

-玛丽-安妮-拉德马赫

Since the pandemic struck in 2020, we have been focusing on helping our B40 families improve their quality of life through the Sustainable Green Program and Mental Healthcare Education program. After two years, we are thrilled to share with you the progress we have made in this Annual Report. A significant milestone of the Sustainable Green Program is to finally see our urban farm being constructed on the rooftop of our centre. At the same time, we also received funding from Direct Relief and Yayasan Hasanah to expand our Mental Healthcare Education Program to reach out to more B40 youths in Malaysia, as we aim to build a mentally and emotionally healthy generation for our nation.

One of the most momentous events last year was our flagship fundraising event - the BOLATHON Charity Fun Run & Masquerade Walk, which was held at the spectacular Gaharu Tea Valley at Gopeng, Perak. We are so thankful to all individual and corporate donors who have supported us and helped us raise a total of RM60,000.00.

We are proud to share exciting CSR engagements and volunteerism collaborations throughout Malaysia, as all these partnerships defined the fruitful and exciting year 2022 for HOPE worldwide Malaysia.

In 2023, we will be working harder with our corporate partners, individual donors and volunteers to create sustainable impact in our community. We hereby sincerely call upon your continuous support towards our causes.

Darick Wong
Country Director

自2020年大流行病袭击以来，我们一直专注于通过可持续绿色计划和心理健康教育计划帮助我们的B40家庭提高生活质量。经过两年的时间，我们很高兴在这份年度报告中与大家分享我们所取得的进展。可持续绿色计划的一个重要里程碑是终于看到我们的城市农场在我们中心的屋顶上建成。同时，我们还收到了直接救济组织和Yayasan Hasanah的资助，以扩大我们的心理健康教育计划，使其覆盖到马来西亚更多的B40青少年，因为我们的目标是为国家建立一个心理和情感健康的一代。

去年最重要的活动之一是我们的旗舰筹款活动--BOLATHON慈善义跑，该活动在霹雳州务边沉香山茶园举行。我们非常感谢所有支持我们的个人和企业捐赠者，他们帮助我们总共筹集了60,000.00马币。

我们很自豪地在马来西亚各地分享激动人心的企业社会责任活动和志愿服务合作，因为所有这些合作关系决定了马来西亚寰宇希望的2022年是富有成效和令人兴奋的一年。在2023年，我们将与我们的企业伙伴、个人捐助者和志愿者一起努力工作，在我们的社区创造可持续的影响。我们在此真诚地呼吁大家继续支持我们的事业。

Sustainable Green Program

a journey towards building healthy communities through enhanced food security

2 ZERO HUNGER

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Since 2020, HOPE worldwide Malaysia started the Sustainable Green Program by introducing the Vertical Compost Tower (VCT), an innovation by HAVVA Agrotech that turns food waste compost into natural fertilizers to grow plants at home. Through the Sustainable Green Program, HOPE worldwide Malaysia has reached out to 350 B40 families in Kuala Lumpur & Penang, teaching them to repurpose their kitchen waste by using the VCT.

自2020年以来，马来西亚寰宇希望组织通过引入垂直堆肥塔（VCT）启动了可持续绿色计划，这是 HAVVA 农业技术公司的一项创新，可以将食物垃圾堆肥转化为天然肥料，在家中种植植物。通过可持续绿色计划，马来西亚寰宇希望组织已经接触了350个B40家庭，教他们通过使用VCT来重新利用他们的厨余。

Stage 1: Food Waste Compost

Stage 2: Home Farming

2021

Families who have shown enthusiasm in producing harvest through the VCT were given a Grower 360 to do vertical farming from home.

通过VCT显示出对居家种植的热情的家庭得到了一个Grower 360，以便在家里进行垂直耕作。

Stage 3: Train, Educate & Empower (TEE) through rooftop Urban Farming

2022

An urban farm was built on the rooftop of the Centre of HOPE worldwide in Sentul, to provide TEE to B40 families, students and corporate partners on Sustainable Agriculture.

在寰宇希望组织中心的屋顶上建立了一个城市农场，为B40家庭，学生和企业伙伴提供可持续农业方面的技术教育。

Stage 4: Harvesting & give back to the community

To achieve food security, the harvest from the urban farm will be distributed to the beneficiaries of the Food Distribution Program.

以实现粮食安全,城市农场的收获将分配给食品分配计划的受益人。

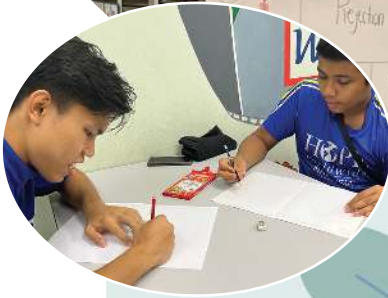

Mental Healthcare Education Program- a journey towards good health and well being

3 GOOD HEALTH
AND WELL-BEING

"More Sunlight
more condour,
more unashamed
conversation"
-Glenn Close

Since 2021, through the Mental Healthcare Education Program, HOPE worldwide Malaysia has reached out to 60 youths from low-income families in Kuala Lumpur and Penang, providing basic mental healthcare education and a framework, with the objective to build a mentally healthier generation who will live fulfilling lives, pursuing their dreams and ambitions, contribute to our country's social economic.

自2021年以来，通过心理保健教育计划，马来西亚寰宇希望组织已经向吉隆坡和檳城的60名低收入家庭的青少年提供了基本的心理保健教育和框架，目的是建立心理更健康的一代，他们将过上充实的生活，追求他们的梦想和抱负，为我们国家的社会经济作出贡献。

Feedback from some of our students

I like about the conversation between the teachers and students, and also the knowledge and activities that we learned in the program. -Rifka

I would like to thank all the teachers for teaching us. I learned a lot about how to control my emotion. -Alif

Can know more information about mental health, it is helpful to me and try to apply positive thoughts in my life. -Janani

I would love to express my gratitude for teaching us about mental health, from the classes I learned a lot and was able to know my weaknesses and also know how to overcome them. I'm able to recognize some issues within my friendship circle and I also successfully helped one of my friends who was going through a tough time with his mental health. I hope, in future more programs like this available to help us grow with high knowledge and I as a learner can contribute within our society. - Hassan

Conclusion by June Khoo, the facilitator of the Mental Healthcare Education Program

Banyak aktiviti yang dilakukan oleh fasilitator yang membuatkan saya tidak bosan untuk mengikuti program ini. -Nursyakira Adila

What mental health needs are more sunlight, more candour, and more unashamed conversation." This is one of the quotes I shared in the program by Glenn Close. The journey has been meaningful in bringing mental health awareness and equipping the B40 youth with tools to improve their self-esteem and resilience strength. I am truly grateful for the corporates' support in this essential endeavour in life for all in society, especially the underprivileged communities!

心理健康需要的是更多的阳光，更多的坦诚，以及更多的不耻下问的对话”。这是我在课堂中分享的格伦-克洛斯的名言之一。这段旅程对于提高心理健康意识和为B40青年提供工具以提高他们的自尊和抗压能力是很有意义的。我真的很感谢企业对社会上所有的人，特别是贫困社区在生活上的这一重要努力的支持。
